### Hildale City Schedule of Rates and Fees

Hildale City code addresses many areas where there are rates or fees involved. Some of the rates are internal designations such as a per diem rate. Other areas are rates and fees charged to customers for services, such as the water or gas rates, building permit fees, etc. Other rates and fees are fines charged by the court for violations of the code. All these fees are reviewed annually. Hildale City desires to be open and transparent in the presentation of its rates and fees. Presented here are the rates and fees that apply to Hildale Residents and to the customers of Hildale/Colorado City Utilities.

## Perdiem and Travel Reimbursement

If the conference/training registration includes meals such as lunch or dinner, the traveler does not receive a per diem for those meals. Continental breakfast is not considered a meal. A copy of the registration or agenda will be required to process a travel claim.
